### MICRODERMABRASION

Microdermabrasion is a mild, yet highly effective procedure that exfoliates and removes the superficial layer or dry, dead skin cells to reveal healthy, glowing skin. Microdermabrasion allows skin care products to be absorbed more readily because older skin layers are removed, which contributes to the effectiveness of other products you use.

	<b>Per treatment</b>
<b>Microdermabrasion</b>	<b>\$65 (45 minutes)</b>
<b>As add on to facial</b>	<b>\$30</b>

Repeat microdermabrasion treatments discounted by 10% if performed within 60 days of prior treatment.
